EDUCATION

Bachelor of Computer Science at ITMO University   *09.2021 - 07.2025*

*Focus on software (**CT ITMO**, Third year university)*

   Main courses:
- **Java**, Python, C++, Haskell, Web Programming, **SQL**, DA/ML
- Computer Architecture, Operating Systems, **Concurrency programming**
- Mathematical Analysis, Linear Algebra, Probability theory
- **Algorithms and Data Structures**, Discrete Mathematics

WORK EXPERIENCE

Java Intern Developer at Yandex Music   *07.2013 - 10.2023*
- **Java Spring Framework**, **SQL**
- **Scrum**, **Conccurency**
- Tools: IntelliJ, Docker

Java Developer at Giperion   *01.2022 - 06.2023*

You can see 🔗 *https://thx-loyalty.com*
- **Java Spring Framework**, **PostgreSQL**
- **Git**, **Junit**, **Maven**
- Tools: IntelliJ, Docker

PROJECTS

- FileWalker - **Java** console application that calculates hash sums of files and directories
- WebCrawler - **Java** class that recursively crawls sites to a given depth, downloading documents and following links in them.
- Huffman - A **C++** implementation of a Huffman file compression.
- Socow-vector - Implemented a **C++** vector with small size and copy-on-write optimization

OLYMPIADS

- The **final stage** of the All-Russian Olympiad of schoolchildren in computer science - participant
- All-Russian Olympiad of schoolchildren "The highest test" of the HSE of the first level in computer science - **winner**
- **International** Olympiad of Schoolchildren in Computer Science IATI - participant

Programming Skills

Java

Spring Framework

Junit

SQL

Git

Maven

Kotlin

Terminal/shell

Python

C++

Languages

Russian (Native tongue)

English (C1)

Soft skills

Problem-Solving

Teamwork

Communication
